# Who is GWM?

**Built for the world, by the world.**

GWM is a world-renowned vehicle manufacturer and the parent company of Haval.

At GWM, everything we do is grounded in our corporate philosophy: 'improving little by little, every day.' From building world-class research and development systems, which enable continuous innovation, to following the 'excessive investment' principle, which drives industry leadership, we relentlessly put our philosophy into practice.

Haval is a global SUV specialist and part of the rapidly-growing GWM group. We are proud to make vehicles that combine the best components, technology and safety features from around the world. With over 6 million sales to date in more than 60 countries (and counting), we are the No.1 SUV brand in the world's largest market and have been for the past 15 years. We attribute our success to passion, drive and a commitment to listening to our customers.

## Design

Influenced by bold architecture and mastered by modern engineering, the Jolion is a vehicle that embodies intelligent thinking. From sleek lines to aluminium alloy wheels – no element of sophistication has been spared. Finished with LED headlights and taillights, this elegant SUV is sure to get attention on and off the road.

LED Headlights -  
Standard on Lux & Ultra

Stylish Tail Lights

Alloy Wheels

## Surround Yourself In Comfort

From the ergonomically designed seats and a driver-focused cockpit to generous legroom and ample boot space, the Jolion has been designed with your comfort in mind.

# Smart Safety

The Haval Jolion is built with features designed to keep you safe, no matter how long your journey is.

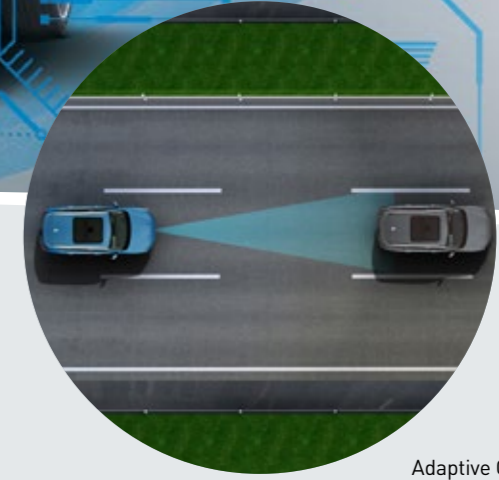

If you're ducking out the shops, the 360° Around View Monitor will help you park in the tightest of spots. On the other hand, on a road trip the Adaptive Cruise Control will make your journey smoother than ever, maintaining speed to the vehicle in front of you so you don't have to stop and start.

High Strength Steel Body

360° Monitor View -  
Standard on Lux & Ultra

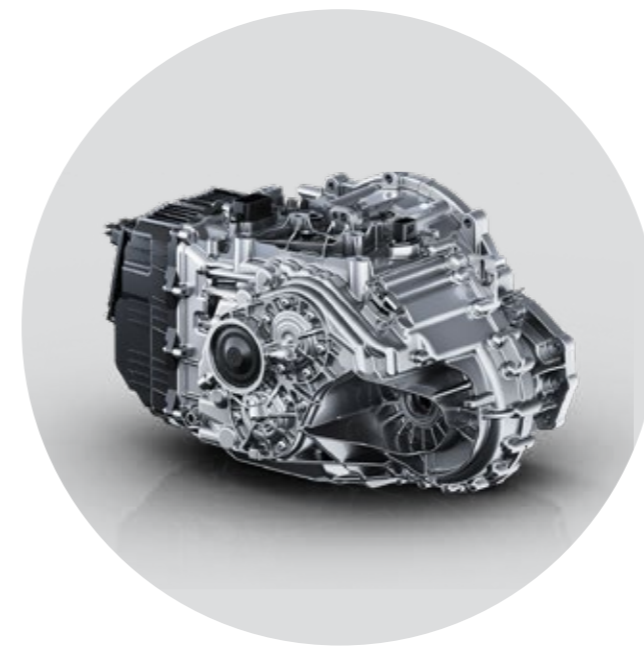

Adaptive Cruise Control

# Turbo Charged Performance

4 Drive modes – Standard, ECO, Sport & Snow – gives you control over your drive.

Wherever you are, customise your drive to suit the conditions for a smooth and carefree journey.

## Transmission

The second generation 7-speed Dual Clutch Transmission improves throttle response timing and increases efficiency to provide crisp gear shifts and a more direct drive feel.

## Platform

A lighter platform lowers vehicle fuel consumption and in combination with multi-wheel chassis tuning, driving comfort has never been better.

## Engine

The 1.5L engine adopts turbocharged technology, boosting output to 110kW and 220Nm of torque.

# Specifications
