

CHAPARRAL 
2021 COLLECTION

est.
1965

Behind every Chaparral is a story of family, tradition, and one-of-a-kind craftsmanship. After starting in Ft. Lauderdale, Florida, Chaparral made the move to Nashville, Georgia and established a brand that achieved international acclaim.

Today, after 56 years of boat building excellence, our global operations still stem from that same Georgia location where we proudly employ many second and third generation boat builders who are as passionate about boating as you are.

At Chaparral, boat building is not just a science - it's an art form. Each model is hand crafted with pride, integrity, and quality by Chaparral's team of experts, many of whom are third generation boat builders. Building quality into our boats starts at the earliest design phases and continues throughout every stage of production. We pay attention to every feature and component, down to the hand stitched details on our upholstery. Making quality part of our DNA creates a final product that we're proud to present. Step onboard and immerse yourself in the quality of a Chaparral.

QUALITY FIRST.

Chaparral's refined style lends itself to luxury details like hand-stitched upholstery, power line hull contours, stainless steel hardware, molded-in diamond pattern non-skid, and well-equipped helm layouts to name a few. Going further, Chaparral provides all of these items standard on every model while maintaining ample storage, flexible seating and attractive pricing. No need to compromise when luxury is standard.

LUXURY STANDARD.

B

E

- A. Vinyl Wrapped Dash
With available Simrad glass dash displays.

PREMIUM HAND STITCHED UPHOLSTERY

Chaparral has partnered with NAUGAHYDE®, the trusted leader in vinyl coated fabrics, to bring you a new technologically advanced, marine-grade, high performance vinyl. Specifically engineered for the most demanding environment, NAUGAHYDE® offers an enhanced mildew and biocide package with superior abrasion and UV resistance including the next generation of stain-resistant top coat finishes designed for advanced protection. Looking to upgrade further? The new Black Edition vinyl from Sileather® provides the ultimate resistance against stains and has a 100% silicone composition made from recycled fibers.
